aetna.com

Receive preventive medicine without first having to meet your deductible.

For conditions such as high blood pressure, high cholesterol and diabetes, we can help you manage the cost of your medicine.

We understand how important it is to take the medicine your doctor prescribes. The Aetna preventive medicine feature makes it easier for you to do that.

For chronic conditions, forget the health savings account deductible — just pay your copay or coinsurance when buying these medications.

Some drugs may require prior authorization, step therapy or be formulary excluded for certain members, depending on their pharmacy benefits plan. This list indicates the common uses for which the drug is prescribed. Some drugs are prescribed for more than one condition. Brand-name drugs not listed here may be covered by your plan without the use of a generic first. Information provided here is not a substitute for medical advice or treatment. Step therapy does not apply to fully insured members in New Jersey. However, these programs are available to self-funded plans.

Discuss this information with your doctor or health care provider. Aetna assumes no liability for the information provided or for any diagnosis or treatment made in reliance thereon, nor is it responsible for the reliability of the content.

Subject to state law restrictions. This document contains references to brand-name prescription drugs that are trademarks or registered trademarks of pharmaceutical manufacturers that are not affiliated with Aetna. Listed products are for informational purposes only and are not intended to replace the clinical judgment of the prescriber. Targeted therapeutic classes, specific drugs and criteria are subject to change.

Aetna Pharmacy Management refers to an internal business unit of Aetna Health Management, LLC.

This document may not be used after December 31, 2018.

Please remember that this is not a complete list of medications covered under your plan. Because there are thousands of medications included in your pharmacy benefit, we only list the most common ones. Certain drugs such as those for smoking cessation or vitamins may not be covered by your particular pharmacy plan. Diabetic supplies may be covered under your medical plan. If you have any questions about your pharmacy benefits, please visit **aetna.com** and log in to your secure member website. If you don't have access to our website, call the toll-free number on your member ID card. To check coverage and copay information for a specific medicine, visit **aetna.com** and log in to your secure member website. For more details, please call the toll-free number on your member ID card.

This is not an inclusive list. Products that are not represented on this list may be subject to plan-specific copayment or coinsurance. Void where prohibited by law. Void in the State of Connecticut.

Specific prescription benefits plan design may not cover certain categories or may be subject to additional charges or restrictions, regardless of their appearance in this document.

Aetna may receive rebates, discounts and service fees from pharmaceutical manufacturers for certain listed products.

Your privacy is important to us. Our employees are trained regarding the appropriate way to handle your private health information. Information is believed to be accurate as of the production date; however, it is subject to change. For questions, please call the toll-free number on your member ID card.
