Your Business Travel Accident Plan

The Business Travel Accident Plan provides benefits if an eligible employee is seriously injured or dies in an accident while traveling on business for Chevron Phillips Chemical Company LP (Chevron Phillips Chemical or the Company). Chevron Phillips Chemical pays the full cost of your coverage under this plan. Family members traveling with you are not covered.

You are automatically enrolled in business travel accident insurance coverage. For information on eligibility, see page A-1 of the **How to Participate** chapter.

How the Plan Works

Business travel accident insurance applies if you are seriously injured or die in an accident while traveling on Chevron Phillips Chemical business anywhere in the world. Your coverage begins when you leave your home or office — whichever you leave last — for a planned business trip and remains in effect until you return to your home or office — whichever place you arrive first. Coverage is not in effect during day-to-day commuting between your home and regular place(s) of work, or while you are on a bona fide leave of absence or vacation.

You are traveling on Chevron Phillips Chemical business when you are on assignment by or at the direction of Chevron Phillips Chemical for the purpose of furthering business for Chevron Phillips Chemical.

Your regular commuting to and from work, including traveling to and from one plant location to another or while at a location, is not covered unless a trip is not part of your normal route and is at the Company's request.

You are covered if you make a personal deviation on a business trip and suffer an accidental covered injury. It must take place while on a business trip for Chevron Phillips Chemical. A personal deviation means:

- Any travel or activity not reasonably related to Chevron Phillips Chemical business, and
- Not incidental to the business trip, and
- Not longer than seven days, and
- Not done during vacation time or leave of absence.

The trip must be more than 100 miles from your primary home or office.

Plan Benefits

The amount of your coverage, or **principal sum**, is equal to your regular annual base pay, rounded to the next higher \$1,000, up to a maximum of \$500,000.

The combined total coverage, or **maximum aggregate benefit**, payable to all beneficiaries for a single covered accident (or series or combination of accidents arising out of one or more associated events) is \$2,500,000. If two or more covered individuals are injured in the same business travel accident and suffer a loss or die as a direct result of the accident, benefits payable to each person may be proportionately reduced so that total benefits paid for all losses from the accident do not exceed the maximum aggregate benefit.

You or your beneficiary will receive benefits for resulting losses within 12 months of a covered accident. Your death from unavoidable exposure to the elements is considered an accidental death if the exposure was a direct result of the accident. Also, if you have disappeared for greater than one year as a result of the accidental disappearance, wrecking or sinking of the conveyance in which you were riding and there is no contradictory evidence, your disappearance will be considered an accidental death.

Base Pay

Base pay for purposes of the Chevron Phillips Chemical health and welfare plans is defined as total regular base pay. Regular base pay includes regularly scheduled overtime for employees who normally are scheduled to work more than 40 hours per week. All other types of pay that are not considered to be part of regular base pay or regularly scheduled overtime are not eligible earnings under the health and welfare plans.

If your pay increases during the calendar year, the amount of your business travel accident coverage will increase accordingly.

COVERED LOSSES

The benefit amount paid by the plan is based on the extent of your covered loss. If you suffer more than one covered loss as the result of the same accident, the plan pays for each loss, up to a maximum of the full amount. Additional benefits will not be taken into account when determining the maximum amount payable if the amount exceeds the full amount.

When you enroll for benefits as a new employee or when you add or change your benefit elections, you name a beneficiary. For more information, see **Naming a Beneficiary** on page A-23.

For any other loss sustained by you, benefits will be paid to you.
