Action Items

There’s a lot to keep in mind when you retire. The following checklist will help you keep track of what you need to know and do regarding your Company retirement benefits — as well as resources outside Chevron Phillips Chemical — to prepare for your retirement.

Place a ✓ next to the action item when completed:

NOTIFYING THE COMPANY OF YOUR INTENT TO RETIRE

- At least one to two months before your retirement date, notify your supervisor and your HR Business Partner of your intent to retire.
- To initiate your retirement with the Company, simply go to MySphere on the Chemisphere home page, select “Profile” then “Actions” and “Terminate.” Follow the prompts and enter your desired retirement date to help the Company with succession planning for your position and with your final payroll processing.
- If you are moving, update your address by going to MySphere on the Chemisphere home page, then select “Profile” and “Personal Information.” Follow the prompts to update your address to ensure the Company can communicate with you as needed after retirement.
- If you are changing banks, update your banking information by going to MySphere on the Chemisphere home page, then select “Profile” and “Bank Information.” Follow the prompts to update your bank information to ensure the Company can provide any post-employment payments due to you.

RETIREMENT PLAN (at least 45 days prior to your retirement date)

- Contact administrators of previous employers’ retirement plans (see “Other Financial Accounts” on page 5).
- Request a retirement packet by logging on to www.netbenefits.com or calling Fidelity at 1-866-771-5225, and complete and return the forms to Fidelity (forms must be returned prior to benefit commencement date).
- Contact the Chevron Phillips Pension and Savings Service Center with questions at 1-866-771-5225.

401(K) PLAN (flexible timing)

- Contact administrators of previous employers’ savings plans (see “Other Financial Accounts” on page 5).
- Review your distribution options by logging on to www.netbenefits.com or calling Fidelity at 1-866-771-5225.
- Contact the Chevron Phillips Pension and Savings Service Center with questions at 1-866-771-5225.

MEDICAL PLAN OPTIONS

COBRA (you will receive your COBRA packet approximately 7 to 10 days after your official retirement date*)

- Log on to www.inspirafinancial.com approximately 7 – 10 days after your official retirement date* to enroll in COBRA (if you have not previously logged on to the Inspira website, you will need to set up an account).
- Alternatively, you will receive a COBRA enrollment packet in the mail and can complete and return the COBRA forms with your first payment.
- Consider your coverage options (your retirement is a qualified status change, so you can change plan options if desired). Keep in mind that if you are eligible for Medicare, Medicare will be the primary insurance and COBRA will be secondary.
- Review COBRA rates. You can find the current rates on **MySphere > All Benefits Info > Benefits Service Center** or online at digital.alight.com/cpchem. If you're under age 65, in most cases, COBRA will be less expensive than Chevron Phillips Chemical Retiree Medical options and you will be eligible for COBRA for up to 18 months from your date of retirement (or until you turn age 65).
- Determine if you are adding/dropping dependents.
- Decide if you want to add/drop dependents and select a coverage option by completing the Election Notice and return the forms within 60 days to the address included in the COBRA enrollment packet.
- If desired, sign up for auto-draft of premiums from your checking or savings account and recurring reimbursement from your RRA.
- Contact Inspira at 1-888-678-7835 with questions.

Chevron Phillips Chemical Retiree Medical for Retirees and Dependents under age 65 (typically after COBRA eligibility expires)

- Review plan information. Your options will be the same ones you had as an active employee, but your retirement is a qualified status change so you can change options if desired. You do **not** need to enroll in COBRA and Retiree Medical coverage.
- Consider your coverage options and review retiree premium rates. You can find the current rates on **MySphere > All Benefits Info > Benefits Service Center** or online at digital.alight.com/cpchem. To save money on premiums, you may want to consider electing COBRA for the first 18 months (or until you turn age 65) and then enroll in Chevron Phillips Chemical Retiree Medical coverage once COBRA coverage expires.
- Decide if you want to add/drop dependents and, if you are not enrolling in COBRA, select a Retiree Medical coverage option.
- Contact the CPChem Benefits Service Center with questions and **to make elections or waive coverage** at 1-833-964-3575.
- If desired, sign up for auto-draft of premiums from your checking or savings account and recurring reimbursement from your RRA.

AARP Medicare Supplement Plans for Retirees and Spouses age 65 or older, or Medicare-eligible (you will receive your AARP packet soon after your official retirement date*)

- Review plan information and consider the cost and coverage of all supplemental Medicare options. Keep in mind that if you elect COBRA for the first 18 months of retirement, COBRA coverage would be secondary to Medicare and you do not need to also enroll in an AARP Medicare Supplement Plan.
- Decide if you want to add/drop dependents and select a coverage option.
- Enroll and return forms to AARP immediately.
- Contact AARP Health Care Options Customer Service directly at 1-800-392-7537 for more details.
